

SPRING CLEANING: ORGANIZE YOUR FRIDGE

Make an "Eat Me First" bin for about to expire foods

Use bags and clips to hang produce to save room and use the space below!

Add labels to your bins and drawers

Store meat on the bottom shelf

Add washable drawer liners to your drawers

Use clear storage containers to organize food by category

Store kids drinks on the bottom self for easy access

The doors are the warmest parts of the refrigerator. Don't store milk or eggs in the door, condiments are safe

Use a lazy susan for easy access to jars, bottles and other containers

Treat herbs like fresh flowers. Trim the bottoms and place in a glass with water
